REPORT OF THE DEPUTY SECRETARY
ELEMENTARY AND SECONDARY EDUCATION

PDE is getting ready to submit its accountability workbook for NCLB as required by the federal government. This year PDE is requesting a change related to the PSSA-M. Due to this change, the Department will need to establish cut scores for the PSSA-M, and these cut scores will eventually come before the Board for approval.

Acting Secretary Morton also reported on the December 2010 SAS Institute. Because of strong interest in the program, PDE will hold another SAS Institute in February featuring internationally-recognized education experts who presented at the December institute. PDE has communicated the importance of the SAS resources to the gubernatorial transition team.
